Microalgae for food and feed

A status analysis

Proceedings of the German-Israeli Workshop
held 17 to 18 October 1977 at Neuherberg

edited by Carl J. Soeder and Rudolf Binsack

With 86 figures and 93 tables in the text

E. Schweizerbart'sche Verlagsbuchhandlung

Contents

	page
Preface	1
Session 1: General background of the topic	
G. Shelef, R. Moraine and G. Oron (Haifa): Photosynthetic biomass production from sewage.	3
Discussion	
R. Binsack (Eschborn): Introductory remarks concerning the scope of the microalgae projects in India, Peru and Thailand.	15
P. Heussler, J. Castillo S. and F. Merino M. (Trujillo): Ecological balance of algal cultures in arid climates: Major results of the Peruvian-German Microalgae Project at Trujillo.	17
Discussion	
E.W. Becker (Tübingen): Major results of the Indo-German Algal Project.	23
H.J. Payer (Dortmund), B. Pithakpol, M. Nguitragool, C. Prabharaksa, D. Thananunkul and S. Chavana: Major results of the Thai-German Microalgae Project at Bangkok	41
E.W. Becker (Tübingen): The legislative background for utilization of microalgae and other types of single cell protein.	56
Discussion	
Session 2: Animal experiments with microalgae	
W. Pabst (Dortmund): Nutritional evaluation of nonsewage microalgae by the rat balance method.	65
Discussion	
E.W. Becker (Tübingen): Nutritional synergism between microalgae and Indian staple foods.	71
Discussion	
H. Brune and O.P. Walz (Giessen): Studies on some nutritive effects of the green alga, <i>Scenedesmus acutus</i> , with pigs and broilers.	79
S. Mokady, S. Yannai, P. Einav and Z. Berk (Haifa): Nutritional evaluation of the protein of several algae species for broilers.	89
Discussion	
Ch. Meske (Ahrensburg) and E. Pfeffer (Göttingen): Growth experiments with carp and grass carp.	98
Discussion	
E. Sandbank and B. Hopher (Haifa): The utilization of microalgae as a feed for fish.	108
Discussion	
P. Buri (Bangkok): The potential of algal culture on aquacultural enterprises.	121
Discussion	

W. Pabst, H.D. Payer, I. Rolle and C.J. Soeder (Dortmund): Safety evaluation on the microalga, <i>Scenedesmus acutus</i> . I. Biological and haematological data from multigeneration feeding studies in mice.	127
Discussion	
S. Yannai, S. Mokady, K. Sachs and Z. Berk (Haifa): The safety of several algae grown on wastewater as a feedstuff for broilers.	139
Discussion	
Session 3: Microalgae for human nutrition	
E. Kofranyi (Dortmund and Lindberg): The nutritional value of the green alga <i>Scenedesmus acutus</i> for humans.	150
Discussion	
R. Gross, U. Gross, A. Ramirez, K. Cuadra, C. Collazos (Lima) and W. Feldheim (Giessen): Nutritional tests with the green alga <i>Scenedesmus</i> with healthy and malnourished persons.	161
Discussion	
U. Gross and R. Gross (Lima): Acceptance and product selection of food fortified with the microalga <i>Scenedesmus</i>	174
H.D. Payer and K.H. Runkel (Dortmund): Environmental pollutants in freshwater algae from open-air mass cultures.	184
Discussion	
L.V. Venkataraman (Mysore): New possibilities for microalgae production and utilization in India.	199
V. Hernández, U. Gross and R. Gross (Lima): Some remarks about a testing program for single cell protein (SCP) as food additives in Peru, on the example of the microalga <i>Scenedesmus acutus</i>	211
H.J. Bremer (Düsseldorf): Hazards and problems in the utilization of microalgae for human nutrition.	218
Discussion	
Session 4: Technology, economy and feasibility of microalgae production	
P. Heussler, J. Castillo S. and F. Merino M. (Trujillo): Parasite problems in the outdoor cultivation of <i>Scenedesmus</i>	223
Discussion	
F.H. Mohn (Dortmund): Improved technologies for the harvesting and processing of microalgae and their impact on production costs.	228
P. Heussler, J. Castillo S., F. Merino M. and V. Vásquez V. (Trujillo): Improvements in pond construction and CO ₂ supply for the mass production of microalgae.	254
Discussion	
C.J. Soeder (Dortmund): Economic considerations concerning the autotrophic production of microalgae at the technical scale.	259
A. Richmond and A. Vonshak (Beersheva): <i>Spirulina</i> culture in Israel.	274
Discussion	
G. Shelef, G. Oron and R. Moraine (Haifa): Economic aspects of microalgae production on sewage.	281
A. Barak (Jerusalem): Protein resources policy in Israel.	295
List of Participants	299
